### Invitation to Attend

Dear industry colleague, I would like to invite you to attend the inaugural meeting of phlebology friends and colleagues at The Peaks Resort and Golden Door Spa, Telluride, Colorado.

Format is completely informal, no topics for presentation other than those proposed by the sponsors for general discussion including case presentations. Each participant is encouraged to render an opinion and advice; attendees will be polled and the microphone passed around the room. Each participant is encouraged to bring a case for presentation and discussion.

Attendee numbers will be limited to keep the meeting relatively small (40-50 practitioners), although we will not restrict or prevent others from attending if they request - this is not a "selected" group of invitation only attendees. This is a meeting of friends and colleagues in a particularly pleasant location, to discuss informally any topic of interest relative to the phlebology specialty. We may also ease a little into the cosmetic world, as this is a natural extension.

I look forward to hearing if you can participate.

Sincerely,

Dr John R. Kingsley M.D.,F.A.C.S., RVT

## Telluride

Breathtaking Views And Thrilling Slopes On Telluride Mountain

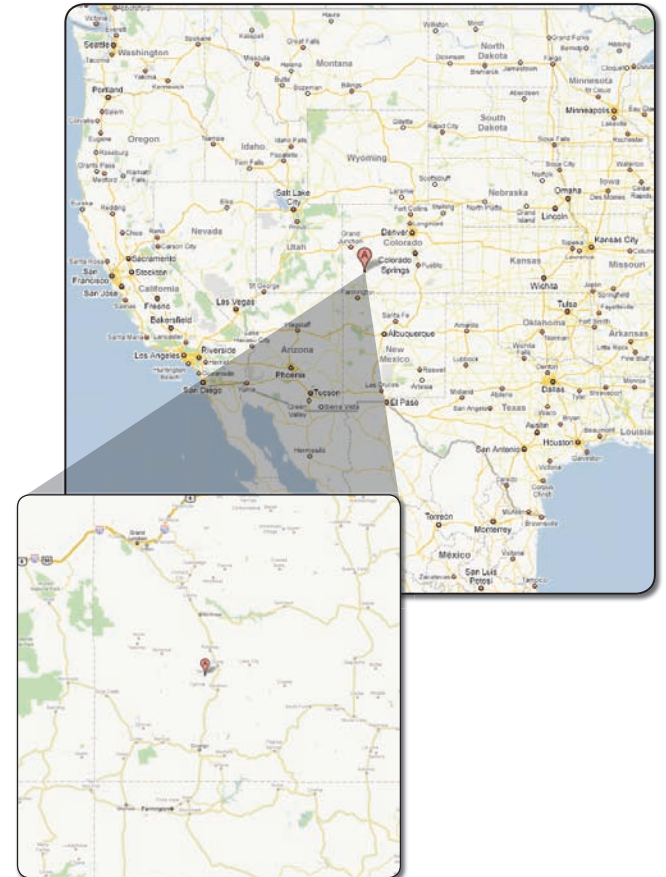

Escape the ordinary in the historic community of Telluride, located just minutes from The Peaks Resort & Golden Door Spa.

This quaint 19th-century mining town has truly earned its status as a world-class destination - by offering the ideal blend of Victorian charm, awe-inspiring natural beauty, and pulse-racing skiing.

Lose yourself in sparkling scenery. Leave the stress of the world behind as you soar down powdery slopes. Discover a wonderland where you can be one with nature. Explore the unique setting of Telluride Mountain, nestled in a breathtaking location:

### Location

- Just a gondola ride away from The Peaks Resort
- Just over six miles from Telluride Regional Airport (TEX)
- 65 miles south of Montrose Regional Airport
- 125 miles northeast of Durango
- 127 miles southeast of Grand Junction
